**PLEASE OBSERVE:**

- **Please use this form, if only the vehicle registration number has changed! In case of change of further vehicle data, please use the form "Change of Vehicle Data".**
- If the vehicle is subject to "PTPL", please ensure that your vehicle with the new vehicle registration number had been registered correctly for the "écotaxe" system BEFORE the licence plate number was changed.
- The toll company requires some time to complete the registration procedure. Therefore, it is necessary to request a change of vehicle registration number in due time!
- Please ensure that the change of vehicle registration number has been effected, BEFORE starting your journey. The currently assigned vehicle registration number can be reviewed in the UTA MultiBox® menu at any time.

**We are herewith changing the vehicle registration number(s) relating to the following UTA MultiBox(es):**

UTA MultiBox® device number (starts with 315...)	Licence plate number OLD	Licence plate number NEW	Nationality

UTA will not be liable for any damages resulting from the fact that vehicle registration numbers have not been changed or have not been changed in due time, unless UTA has deliberately or with gross negligence caused such damage.

I herewith agree that the company UNION TANK Eckstein GmbH & Co. KG may store, process and use my data resp. the data of my company for the purpose of fulfilment of the present contract. By signing the present document, I acknowledge to have consulted and to accept the valid "UTA MultiBox® Terms of Contract", which are available online in the UTA Exclusive Section.
